

freight trains from Easton were on the way to Jersey City, and would arrive before noon. The two engines which draw these trains and the one which brought in a milk train during the night, would, Mr. Lamb said, give him three locomotives with which to haul out the three freight trains which he had made up.

The first train would, he thought, move westward shortly after 10 o'clock. The others would go out some time during the day.

The freight yards had resumed their wonted air of activity this morning. Six drill engines were at work making up trains from the cars brought over from New York on floats.

A half dozen of these floats arrived at the Lehigh docks this forenoon. Freight Agent Rundo said that all the engines were now manned by reliable men, and if there was no interference from the strikers, the Lehigh traffic would be working smoothly by Monday. The police regulations at the Communipaw yards remain about the same.

Engineer Appleton, who brought in a Lehigh Valley passenger train at 10 o'clock, said that at Easton all the switch engines were working with new crews. He was technically known as "burned out." No. 5 has been hauling passenger trains between Jersey City and Easton since the Lehigh strike.

It was said that another locomotive had to be abandoned. It was reported that it had been "burned out" by an inexperienced fireman.

All the Lehigh passenger trains arrived and departed on time to-day, although the number of passengers carried would not be as large as on previous days. It was said, hardly pay for the coal.

A freight train for Western points left the Communipaw yard at 10:30 o'clock, but at noon it had only got as far as the junction at the Jersey avenue crossing. Armed State police rode on top of the train.

The secret of the Lehigh Company's determination to abandon the use of the Central's tracks for its freight traffic was learned by an "Evening World" reporter this afternoon.

There is little doubt that had Lehigh's freight been moved over to the Central's tracks to-day the latter road would have been tied up right before noon. This information came from one of the Central's conductors, who said:

"Every man on the Central road was prepared last night to quit work. I had my grip packed up, and I know of many more like me."

One of the Lehigh conductors who came in on an afternoon train said that the strikers were ordering themselves to paralyze the telegraphic communication between Jersey City and Easton.

An operator, who has been long in the employ of the Company at Easton, and was offered \$20 a month by the strikers and three years' steady work guarantee, refused to accept the offer.

It is said that a committee of the strikers waited on the non-union engineers and firemen and made a proposition to them that if they would strike for the Lehigh, they would be guaranteed \$30 per month until the strike ended. The new hands refused to pay any attention to this proposition.

**NEW MEN AT WORK.**  
Officials at Perth Amboy Say Matters Are Progressing Well.

PERTH AMBOY, N. J., Nov. 24.—At 10:30 o'clock this morning a group of a dozen men stood outside Supt. Donnelly's office awaiting an opportunity to see him to apply for positions in the service of the Lehigh road.

"That will prove to you," said Supt. Donnelly to an "Evening World" man, "that we are having the offer of men to do our work. Last night thirty-two men, miners, firemen and brakemen came into Perth Amboy and they are at work to-day."

"We have at work in the Perth Amboy yards to-day fifty men and later this afternoon think we'll have at least sixty on duty."

Supt. Donnelly was asked about the proposed visit of the Lehigh road to the Lehigh road to-day.

"I know nothing of such a visit, but while I have no authority to meet that Board, I should be pleased to see the members as individuals."

The strikers met as usual this morning at 10 o'clock in Lyceum Hall. Harry Foley presided, and nothing of exceptional importance was done. There were about 200 men present.

Chairman Foley said they were all firm and as confident as ever.

**TO TAKE STRIKERS' PLACES.**  
Steady Stream of Applicants at the United States Hotel.

The Lehigh road is apparently making good progress in procuring men to take the places of the strikers. There was another steady stream of men waiting to get in their applications this morning at headquarters in the billiard-room of the United States Hotel this morning. There was a noticeable decrease in the number of applicants from yesterday, however.

Out of a line of a hundred men who applied this morning probably twenty-five were accepted as regular employees at four o'clock.

In answer to a question if a hundred men were hired on at once, the applicants said "Yes, easily, that is the way. The Lehigh road has many men employed as the railroad Company wants."

**WANTED HERE FOR BIGAMY.**  
Man Arrested in Richmond on Complaint of New York Woman.

RICHMOND, Va., Nov. 24.—David Frazer, alias Davis, has been arrested here on a telegram from New York charging him with bigamy. Frazer is a bricklayer, and came here about a week ago accompanied by a pretty and petite young wife, a spiritualist, whom he had married a few days before in New York.

The prisoner says that about four weeks ago while he was in Philadelphia he went through some kind of ceremony, supposed to have been a marriage. After living a short time with the woman he left her for what he thinks to be good reasons. Now he turns up in New York and causes his arrest.

Inspector McLaughlin said this afternoon that he had sent a message to Richmond for the arrest of Frazer on the charge of bigamy and had received word that the man had been captured. He said he was now preparing to obtain extradition papers, but declined to give any further particulars of the case. He said he had sworn out the warrant against Frazer.

**SAYS "MOSES" SHOT HIM.**  
Samuel Franklin, a Laborer, Wounded in the Fairview Tunnel.

Samuel Franklin, colored, of Lynchburg, Va., who is employed in the Susquehanna and Western Railroad tunnel at Fairview, was taken to Hoboken Police Headquarters this morning, suffering from a bullet wound in the thigh. He told Chief of Police Donovan that he was working on the night shift, and while working the tunnel at 1 o'clock this morning some one fired three shots at him.

He turned and by the flash of the shot shot he recognized the shooter as a colored man known as "Moses." He tried to follow the man, who ran, but was unable to do so. He could not say who he was, but he said he was taken to St. Mary's Hospital.

## ITALIAN CABINET CRISIS.

Ministers Vote to Resign—Movement to Impeach Them.

Germany's New Military Campaign—General Cable News.

(By Associated Press.)  
ROME, Nov. 24.—At a cabinet council held at 3:30 o'clock this morning the Ministry decided to resign.

Prior to the opening of the Italian Chamber the Extreme Lefts will adopt a motion to impeach the cabinet.

This action of the cabinet is a result of the scene in the Chamber of Deputies last night, caused by the report of the Commission investigating the bank scandals.

The men named as having been closely associated with doubtful bank affairs were Pietro Lagaria, Minister of Commerce, and the following: Deputes Count Michele Amadei, formerly Under-Secretary of State; Pietro Delvecchio, a close friend of Crispien; Filippo Cavallini, Duke Gennaro di San Donato; Augusto Ella, one of the old Garibaldians; Alessandro Narducci, Bartolomeo Mazzini; Luigi Simonetti; Luigi Nicoli, an old follower of Garibaldi; Francesco Montagna; Baron Giovanni Nicotera, Minister of the Interior under Crispien; and Brunone Ciampi, ex-Minister of Agriculture and of Justice, and a distinguished lawyer.

The Commission recorded its disapproval of Premier Crispien and Giolitti, ex-Minister of Agriculture, and Prof. Luigi Luzzatti, formerly Minister of Finance. These men, said the report, as members of various cabinets, were significant of the condition of the Banca Romana, yet withheld from the Chambers and the public all information as to its disordered affairs.

**GERMANY'S NEW CAMP.**  
To Be Located on the Belgian Frontier—Chauvinists Excited.

(By Associated Press.)  
LONDON, Nov. 24.—Paris correspondent of The Chronicle says that the Chauvinists are likely to start an agitation in relation to the reported intention of Germany to establish an entrenched camp at Malmédy, at the Belgian frontier. M. Brialmont, the Belgian War Minister, has informed the Belgian Minister at Paris that the choice of the locality for the new German camp has not yet been decided.

He adds that all the peasants and small holders in the district were being expelled, and that artillery was being sent to the district of the newest and most formidable kind.

**POLES BANISHED TO RUSSIA.**  
Priests Among Those Imprisoned in the Czar's Dominion.

(By Associated Press.)  
ST. PETERSBURG, Nov. 24.—The rumors of the arrest and banishment of Poles from the western provinces of Russia have been confirmed. Eleven priests have been suspended from their duties and placed in prison, while scores of persons are detained in the cities at Warsaw.

Fifteen persons, including women and young girls, are already on their way to Siberia, although their friends have no knowledge of the nature of their offense.

**The Pope in Sympathy with the Russo-French Entente.**  
(By Associated Press.)

WARSAW, Nov. 24.—The Dnievnik, the official organ of Russia, in Poland, states that although a section of the French press has exaggerated the Pope's share in bringing about the Russo-French entente, yet the entente commands his fullest sympathy, since it may ultimately lead to the restoration of the temporal power of the Papacy.

**Premier Dupuy Declines to Accept M. Peytral's Resignation.**  
(By Associated Press.)

PARIS, Nov. 24.—M. Peytral, Minister of Finance, placed his resignation in Premier Dupuy's hands yesterday, but the Premier declined to consider it until after the debate on the government's programme was closed.

**HIS SKULL FRACTURED.**  
Partender Beaten Assaulted in Front of His Home.

NEWARK, N. J., Nov. 24.—Frank P. Bach, a bartender for Charles Mink at 92 Market street, was found lying on the street in front of his home, Howard and Springfield avenues, at 6 o'clock this morning.

A spiritualist, whom he had been struck on the head with a piece of iron, causing a deep wound and probably fracturing his skull.

Bach was removed to his home, where he is in a critical condition. It is thought he will not recover.

As he had no money in his possession at the time of the assault it is thought he was hit by some one who had a grudge against him.

**Killed by a Marble Bullet.**  
TRENTON, N. J., Nov. 24.—Arthur Turner, eleven years old, of 240 North 1st street, was shot at yesterday afternoon by a marble bullet fired from a gun.

Turner escaped from behind a tree. The marble struck Turner in the forehead and killed him.

**The Only Way**  
To Cure Catarrh in the Head is to remove from the head the impurities which cause and feed it. This can be done by taking a course of the great blood purifier, which effectively cures catarrh in the head, and disease and permanently cures catarrh.

The success of Hoo's Sanguinaria is a testimony to the fact that it is a remedy for catarrh, not for the disease, but for the impurities which cause it. It is a blood purifier, and it is the only way to cure catarrh in the head.

Hoo's Sanguinaria cures liver bile, constipation, biliousness, jaundice, sick headache, indigestion.
